

Advanced IV Therapy & Wellness

At IV Drip Clinic, we deliver medically led IV and wellness treatments designed to boost energy, strengthen immunity, and support long-term health.

Our approach combines advanced intravenous therapy, ozone and EBOO treatments, blood testing, and private medical consultations — all tailored to each client following a thorough assessment.

Supporting Thousands

Since 2015, IV Drip Clinic has supported thousands of clients and is now expanding across the UK and internationally.

Who Are IV Drip Clinic?

IV Drip Clinic was founded by Maria Raluca Simion, a registered nurse practitioner with extensive experience across NHS hospitals and private practice.

Driven by a passion for holistic and preventative healthcare, IV Drip Clinic was created to deliver personalised, high-quality treatments that help clients move beyond recovery and truly thrive.

Our model blends advanced medical expertise with a compassionate, patient-centred approach.

Our Focus

IV Drip Clinic focuses on detoxification, recovery, and long-term vitality, supporting a wide range of health and lifestyle goals.

Core Services

- IV Infusion Therapy (~70% of clinic delivery)
- Ozone Therapy
- EBOO Therapy
- Blood Testing (~10%)
- Private GP Consultations
- Integrative Medicine

OUR VISION

Our vision is to achieve measurable results that enhance health, extend longevity, and increase vitality.

We provide advanced treatments including intravenous therapy, intramuscular injections, ozone therapy, and EBOO therapy, with a strong focus on detoxification, cleansing, and recovery support — while helping clients sustain energy and wellbeing long-term.

This flexibility makes IV Drip Clinic accessible to professionals, athletes, and individuals seeking practical, results-driven wellness solutions.

Why IV Drip Clinic Is So Successful

- Comprehensive, personalised treatment programmes
- Thorough consultations and medical assessments
- Highly qualified healthcare professionals
- Modern, comfortable clinic environments
- Optional home-visit services for added convenience

This flexibility makes IV Drip Clinic accessible to professionals, athletes, and individuals seeking practical, results-driven wellness solutions.

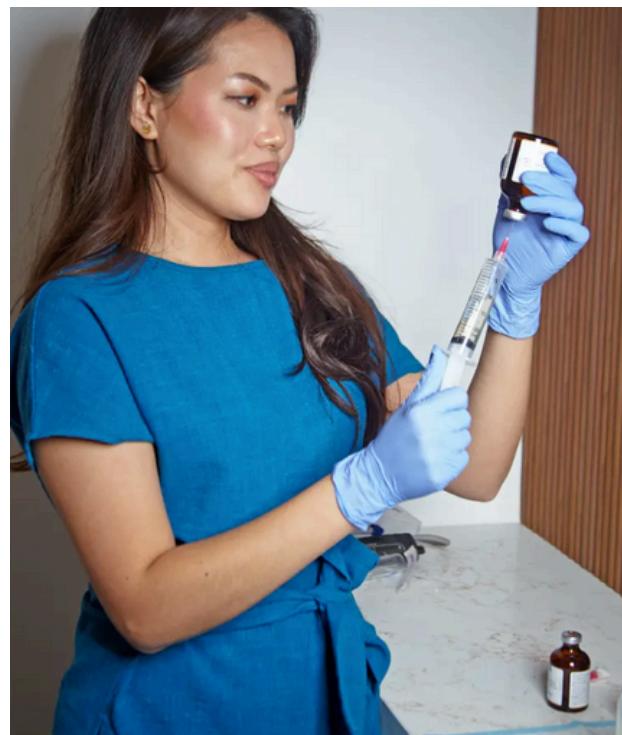

By combining clinical expertise with a personalised approach, IV Drip Clinic has become a trusted name in the fast-growing IV wellness sector.

IV Drip Clinic Franchise Opportunity

After years of proven success, IV Drip Clinic is expanding by partnering with franchisees who share our commitment to health and wellness.

Franchise Package Includes

- Pre-opening support
- Comprehensive franchise training
- Onsite & offsite opening support
- Digital setup & local launch support
- Marketing collateral
- Detailed franchise operations manual

Want to Be a Franchisee?

We are looking for franchisees with a genuine passion for health and wellness. Full training, guidance, and support are provided to help you build a successful clinic under a trusted brand.
